

High Absorbency Corn Cob Products

All Natural Absorbents/Media

Lorem ipsum dolor sit amet, consectetur adipiscing elit, sed do eiusmod tempor incididunt ut labore et dolore magna aliqua. Ut enim ad

The Advantages of The Andersons Absorbents

- All-natural, 100% corn cob
- Up to 5X absorbency
- Multi-application use
- Low cost per use
- Lightweight
- USDA certified biobased
- Silica-free
- Low ash (1.6%)
- BTU value of 7500/lb
- Product of USA

Versatile Absorbents for Wide Range of Applications

These products can be used to absorb oil, water, sludge, fuels and other accidental and miscellaneous spills*

- Waste Remediation
- Liquid Stabilization
- Solidification of Flowback Material
- Lab Packing Absorbent
- Sports Turf Absorbent
- Accidental Leaks/Spills

Safe and Environmentally Friendly

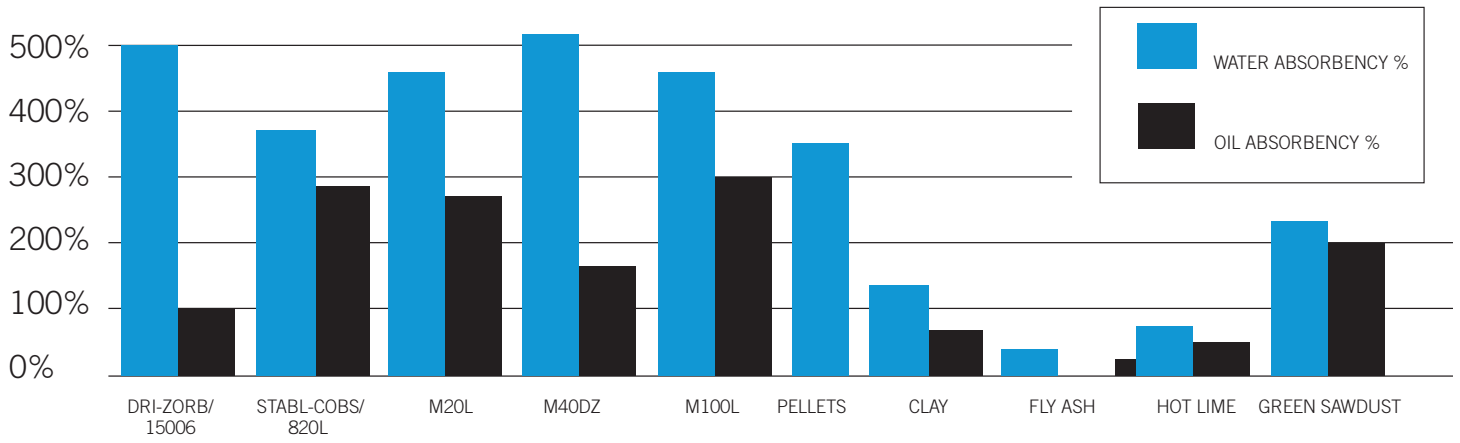

With corn cob as its only ingredient, these products are all natural, biodegradable, virtually dust-free absorbent, achieving the USDA's certification as a BioPreferred product. Include incineration information.

* Not recommended for absorbing strong oxidizing agents, strong acids or caustics.

** 5-to-1 claim on weight to weight absorption of water. Fluids and absorbency rates vary by application. Rates listed herein should be treated as approximations.

Absorption Rates of Water and Oil¹

Weight to Weight Absorption

Less Material Required Saves Time & Money¹

DRI•ZORB requires fewer truckloads per job. Fewer truckloads means less trips to the landfill, less material stored on site, and a lower disposal cost per pound.

Product Code	Density lbs/ft ³	Water	10W30 Motor Oil	Water	10W30 Motor Oil	Packaging & Delivery
Dri-Zorb/15006	25-32	500	100	-	-	-
Stabl-Cobs/820L	4-10	370	290	-	-	-
M20L	-	460	270	-	-	-
M40DZ	16-24	520	160	-	-	-
M100L	10-16	460	300	-	-	-
Pellets	-	350	N/A	-	-	-

¹ Absorbency based on weight of liquid absorbed by substrate. Testing executed under controlled conditions by ANDE laboratory, January 2016

² Truckloads defined as shipping 45,000 lbs of product for all but Green Sawdust, which given its low density is assumed to ship between 20,000 lbs of product per truckload.

Made of 100% all-natural corn cobs, these products are USDA BioPreferred listed
