

Pure-o'Cel®

VARIABLE FREE PAPER BEDDING

BETTER BY DESIGN

ADVANCED TECHNOLOGY

Created using improved technology and an advanced manufacturing process, Pure-o'Cel truly is "better by design" allowing for higher absorbency with less bedding.

Utilizing a vacuum dust removal system during manufacturing creates a pure, virtually dust-free product.

MORE ABSORPTION PER SQUARE

Larger square size provides 75% more surface area than competitive squares, allowing for higher absorbency.

DUST-FREE PERFORMANCE

Virtually dust-free performance means Pure-o'Cel helps avoid clogging equipment.

Softer squares allow for less in-cage dust from animal movements and friction which is ideal for nude/hairless mice.

CONSISTENT AND RELIABLE

Filled by volume, each bag of Pure-o'Cel provides a consistent number of cage fills each and every time, simplifying inventory management.

PACKAGING

The 1.25 cubic foot (35 liters) bag will fill 115 standard size shoebox cages (75 sq. in. x 1/4" deep).

- Available irradiated or in an autoclavable bag
- Can be purchased as a blend with 1/4" Bed-o'Cobs® (Bed-o'Cobs/Pure-o'Cel®) or with our exclusive Enrich-n'Nest® paper rolls (Enrich-n'Pure®) for enhanced enrichment

The Pure-o'Cel® Advantage

	LEADING COMPETITOR	Pure-o'Cel®
100% Virgin Cellulose	Yes	Yes
Virtually Dust-Free	Yes	Yes
Produced in FDA Certified Facility	No	Yes
Size of Product Squares	3/16"	1/4"
Packaging	20 lb. bag	1.25 cu. ft. bag
Recommended Depth in Cage	3/8"	1/4"
Number of Cage Fills*	86	115

*Based on a 75 in² cage filled to a volume of 28.13 in³ (leading competitor) and 18.75 in³ (Pure-o'Cel).

PROVIDING A COMPLETE LINE OF BEDDING, NESTING AND ENRICHMENT PRODUCTS
