

SEASON PASS
with AVAIL®

DIAMOND LOW-SALT STARTER

PRODUCT INFORMATION

Season Pass® Diamond is a high quality starter placed directly on or near the seed of your corn plant at a low volume rate. This provides more timely and hassle free plantings. It also delivers 100% available phosphorus that your corn needs to maximize yields.

FEATURES

- Clear liquid
- A highly pure, clean, true solution
- 100% orthophosphate with AVAIL technology
- Low-salt and non-corrosive formulation
- Designed for use in all liquid fertilizers and suspensions
- True N-P-K row starter
- Low application rate

BENEFITS

- Improves efficiency and yield potential
- Encourages fruit and seed formation
- Ability to lower moisture at harvest, reducing drying costs

FREQUENTLY ASKED QUESTIONS

Q: How much orthophosphate does Season Pass Diamond contain?

A: Season Pass Diamond is 100% orthophosphate fertilizer. This means all of the phosphorus is available to seedlings and root systems right away, even in cold and/or wet soil conditions.

Q: Can I mix liquid nitrogen with Season Pass Diamond to increase the nitrogen content?

A: No, do not add liquid nitrogen to Season Pass Diamond products or any product placed with the seed. The salt content will be too high and could damage the seed.

Q: What makes Season Pass Diamond so unique in the marketplace?

A: Season Pass Diamond has a blend of 100% orthophosphate, EDTA zinc, sulfur, and the phosphorus enhancing principles of AVAIL. With 5 gallons per acre on your corn, you will supply 10 pounds of protected phosphorus and 32 oz. of 9% EDTA chelated zinc.

GUARANTEED ANALYSIS

Total Nitrogen (N).....	6.0%

CAUTION: This fertilizer contains zinc and should be used only as recommended. It may prove harmful when misused.

It is not recommended for Season Pass products to be mixed with 28% or 32% nitrogen.

PRODUCT INFORMATION: Season Pass® is a high quality starter placed directly on the seed of your corn plant at a low volume rate with a non-corrosive material. This provides more timely and hassle free plantings. It also delivers 100% available phosphorus that your corn needs to maximize yields by this critical stage. With five gallons of Season Pass, you will be placing 10 lbs. of available phosphorus in furrow to feed the plant, maximizing corn yield.

DIRECTIONS FOR USE: Use in accordance with recommendations of a qualified individual/institution. Do not mix with calcium based fertilizers.

Soil Application: Apply in-furrow, 2x2, or at sidedress or topdress. Do not apply directly on the seed in saline, alkali, or coarse textured soils.

Foliar Application: Fill spray tank with water prior to adding fertilizer or other products. Use only as a supplement to a regular nutrient management program. Repeat applications may be beneficial. Use only as directed to avoid foliar burn. Do not apply when crop is excessively stressed for moisture or during periods of high temperatures. Use of a surfactant may enhance leaf coverage and increase nutrient absorption.

RECOMMENDED RATES: This product should be used on the basis of a soil and/or tissue analysis. Suggested application rates are for one growing season (gallons per acre) in the absence of soil and/or tissue analysis.

DANGER

TOXIC IF SWALLOWED
MAY CAUSE SKIN IRRITATION
MAY CAUSE EYE IRRITATION
MAY CAUSE RESPIRATORY IRRITATION

PRECAUTIONARY STATEMENTS:

- Call a poison center/physician if unwell
- If skin irritation occurs, seek medical advice
- If in eyes, rinse cautiously with water for several minutes; remove contact lenses
- If eye irritation persists, seek medical advice
- Do not eat, drink, or smoke when using product
- Wash hands after handling
- Use only outdoors or in well ventilated areas
- Avoid breathing mist/spray
- If inhaled, remove to fresh air and keep at rest in a position comfortable for breathing
- Store container tightly closed, locked up
- Dispose of contents/container in accordance with national/regional/local regulations

FIRST AID MEASURES:

- If inhaled: Move victim to fresh air. Seek medical attention if irritation persists.
- If on skin: Wash affected areas with soap and water. Seek medical attention if irritation persists. Wash contaminated clothing before re-use.
- If in the eyes: Immediately flush with water for at least 20 minutes. Seek medical attention if irritation persists.
- If swallowed: If victim is alert and not convulsing, give one glass of water to dilute material, but DO NOT induce vomiting. Seek immediate medical attention.

PPE: Handlers and applicators should wear NIOSH-approved particulate or mist respirator if required. Safety glasses with side shields, goggles, or a face shield, long-sleeved shirts, rubber gloves, and local exhaust ventilation are recommended.

CONDITIONS OF SALE: Recommendations for use of this product are based upon factors believed to be reliable. However, because time, place, rate of application, weather and other conditions of use are beyond the control of the manufacturer, no written or implied warranty is given for product performance. The Andersons warranties that this product meets the criteria published in its product specifications.

THIS LIMITED WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS. YOU MAY HAVE OTHER RIGHTS THAT VARY FROM STATE/JURISDICTION TO STATE/JURISDICTION

Do not allow to freeze. Always jar test for compatibility.
